

## Log in to CC File Hidden

---

Use the password that you've chosen for your CC File Hidden account and type the password. When the textbox gets blue, it means that you've inputted the data correctly.

## Forgot Password?

---

Use the 'Forgotten password?' label in the bottom left of the log in dialog. It will ask you a question that you've selected in the first time of the program start, answer it and reset your password. CC File Hidden will restart in order to apply all of the settings.

## Forgot Security Answer?

---

Contact us at [developer@ninponix.com](mailto:developer@ninponix.com), send an email containing your actual name, and the Ninponix folder (as a .zip or .rar) in the root folder of CC File Hidden installation. We will verify your identity and send you the password to use for your CC File Hidden account.
