

Skwid Audio Recorder

Thank you for downloading Skwid Audio Recorder, the best way to listen to and record content from your favorite Internet radio stations as well as your own personal files!

The Skwid Audio Recorder is perfect for an on-demand internet lifestyle, and the ideal companion for any media enthusiast! Have you ever visited a webpage and enjoyed what you've heard? Wanted to save the soundtrack from your favorite PC game or the score from a DVD, but couldn't figure out how? With the click of a button, Skwid will record anything that is playing on your computer, save it in the format of your choice, and allow you to play it back on your PC or MP3 player any time you want to...simple as that!

Look in the Skwid download folder to find the Skwid user's guide. **Please note:** this is a trial version only. This software will only work for 30 days. If you wish to purchase the full version of Skwid Audio Recorder, go to www.skwidmedia.com
